

moSS is hiring!

Makers of Sustainable Spaces is Seeking an Energetic and Versatile Intern

Do you love plants and strive to weave nature into the built environment? If you share this interest with us, have the following qualities, and want a 6 month internship, please reach out by sending your CV and portfolio to : info@moss.amsterdam

What does a day at MOSS look like?

A day in our office is never the same! On Monday we kick off the week with a team meeting and from then on, you will meet clients, have internal brainstorms, visit inspiring reference projects, meet consultants, make exquisite designs and give presentations.

What do we offer?

- We are fast-growing, so you have the possibility to get involved at an exciting stage!
- We work in a dynamic environment with room for ideas and innovative thinking.
- As we work in multidisciplinary teams on challenging national and international projects, you will stretch your personal boundaries and imagination leading to personal growth and professional fulfillment.
- We work with people from different nationalities.
